August 9, 2006

Dear Redlands area resident:

The Interstate 10 widening project in Redlands will require the demolition of portions of the freeway bridge over the abandoned Burlington Northern Santa Fe railroad tracks next week. This work on the Redlands Overhead Bridge also will require temporary lane closures on the freeway in this area at night.

Work will start at 8 p.m. on August 15 and last several nights. The work will require the use of noisy heavy equipment and temporary lighting throughout the night. Efforts will be made to minimize the impact to local residents. However, we ask for your patience during this work.

SANBAG and Caltrans recognize that construction near your home and disruptions to driving patterns are difficult. For questions, please call the I-10 helpline, (909) 889-8611 ext 102; calls will be returned by the next business day. For more information, please visit the SANBAG website at www.sanbag.ca.gov. SANBAG and Caltrans appreciate your patience during widening of this freeway. Please allow extra time when traveling through the construction area and follow all signs and detour routes.
